

## Pulse Battery Maintainer, Tester, Conditioner, Cleaner 10 Watt 6/12v

Part #	Description	Specification	List	Dealer	Distributor
1000L-G3	Maintainer Tester Cond <b>UPC: 855117000937</b>	10 Watt 6/12 Volt...1.4 lbs	\$59.95	\$44.96	\$33.72
<b>Includes:</b> AC Wall Mount, 14" Battery Terminal, 14" Clip-On <b>Blister Pak Dim:</b> 3"D x 7"W x 10"T					

The Maintainer Conditioner is a Micro Processor controlled Maintainer with Pulsing Technology that reconditions and rejuvenates a battery. The longer this device is connected... the better the battery. This LCD model tests the battery, charging circuits, and any electrical device without having to remove the battery. It eliminates all the guess work as to how good the battery is and if the battery is getting charged correctly.

**10 watts** powerful enough for **1 battery**. Any type, smaller size, including AGM, SLA. Deep Cycle, Marine, Gel

## Pulse Battery Maintainer, Charger, Tester, Conditioner, Cleaner 25 Watt 6/12v

Part #	Description	Specification	List	Dealer	Distributor
3015L-G3	Charger Maintainer Cond <b>UPC: 855117000944</b>	25 Watt 6/12 Volt...1.8 lbs	\$119.95	\$89.96	\$67.47
<b>Includes:</b> 6' AC Power, 2120 2" Battery Terminal, 3752 6" Clip-On <b>Blister Pak Dim:</b> 3"D x 8"W x 13"T					

The Charger Maintainer Rejuvenator is both a High Performance Charger, and a Micro Processor controlled Maintainer with Pulsing Technology that reconditions and rejuvenates a battery. The longer this device is connected to a battery... the better the battery becomes.

**25 watts** powerful enough for **1 to 2 batteries** in a vehicle. Any type, any size, including AGM, SLA. D-Cycle, Marine, Gel

## Pulse Battery Maintainer, Charger, Tester, Conditioner, Cleaner 50 Watt 6/12v - 24v -36v - 48v

Part #	Description	Specification	List	Dealer	Distributor
2365L-G3	Charger Main Condit LCD <b>UPC: 855117000951</b>	50 Watt 6/12 Volt... 2.1 lbs	\$169.95	\$127.46	\$95.60
2365L-24G3	Charger Main Condit LCD <b>UPC: 855117000968</b>	50 Watt 24 Volt... 2.1 lbs	\$189.95	\$142.46	\$106.86
2365L-36G3	Charger Main Condit LCD <b>UPC: 855117000500</b>	50 Watt 36 Volt... 2.1 lbs	\$189.95	\$142.46	\$106.86
2365L-48G3	Charger Main Condit LCD <b>UPC: 855117000555</b>	50 Watt 48 Volt... 2.1 lbs	\$189.95	\$142.46	\$106.86
<b>Includes:</b> 6' AC Power, 2120 2" Battery Terminal, 3752 6" Clip-On <b>Blister Pak Dim:</b> 3"D x 8"W x 13"T					

The Charger Maintainer Rejuvenator is both a High Performance Charger, and a Micro Processor controlled Maintainer with Pulsing Technology that reconditions and rejuvenates a battery. The longer this device is connected to a battery... the better the battery becomes. Using SMART technology this is the best device available to charge, maintain and restore a battery to it's optimum performance level.

**50 watts** powerful enough for **1 to 6 batteries** in a vehicle. Any type, any size, including AGM, SLA. D-Cycle, Marine, Gel

## Heavy Duty Multi-Function Jump Starter with Diagnostic Cable 4000 A — 12-16 V — 24,000 mAh

Part #	Description	Specification	List	Dealer	Distributor
5260	12-16v 4000 A <b>UPC: 855117000401</b>	Jump, Charge Phones, USB, Laptops	\$249.95	\$187.50	\$140.62
<b>Weight:</b> 6.2 lbs <b>Box Dim:</b> 10"D x 14"W x 4"T					

**Model 5260** is an Extra Powerful Jump Starter which can jump-start almost any vehicle 20-40 times with a single charge. Micro Size Power Source to charge all Personal Electronic Devices utilizing the included adapter. Ultra-bright LED Flashlight, strobe light, and SOS signal light that lasts 120 hours. Cigarette Lighter Cable provides 12v. 2 x USB Outputs with Fast Charge. Portable compact design fits easily in your backpack, glove box or trunk. Comes with an AC/USB Charger, SMART Jump Cable and a Carrying Case. Uses Ultra-High Power Lithium Batteries. 24,000 mAh. Provides a 4000 A output which is the highest output rating for its size.

## Universal Lithium Jump Starter SMART Test Cable tests the Battery, Starter, and Alternator 12v

Part #	Description	Specification	List	Dealer	Distributor
5900	Jump Start Cable / Tester - <b>UPC: 855117000845</b>	Volts, Amps, Batt Quality... .8 lbs	\$49.95	\$37.50	\$28.12
<b>Poly Pak Dimensions:</b> 1.5"D x 6"W x 9"T <b>Universal 12v Jump Start Cable w/ Battery Tester</b>					

Universal Lithium Jump Cable with all protections. Digital Tester that tests both the Jump Start Battery voltage and vehicles battery. SOH (state of health) is a Internal Battery Resistance Test that measures how sulfated the battery is and reads a percentage of life left. ie 90%, 50%, 10%. Also tests the amps it takes to jump which is indicative of a good or bad starter. Shows everything you want to know when jumping.

**Not Compatible with our 16v 5260**

## Gold Cables and Accessories

Part #	Description	Specification	List	Dealer	Distributor
2580	AC In Power Cable	6' Length Yellow 855117000081	\$10.00	\$7.50	\$5.63

AC Power Cable fits all of the Battery Saver™ Charger Maintainers except the model 1000L that has an integrated power cord. The yellow color makes it easy to see the cable, avoiding accidental tripping over the cord in a garage.

Part #	Description	Specification	List	Dealer	Distributor
9250	AC In Power Cable Extension	3' Length Yellow 855117000104	\$10.00	\$7.50	\$5.63
9260	AC In Power Cable Extension	10' Length Yellow 855117000111	\$15.00	\$11.25	\$8.44

AC Power Extension Cable is designed for those who will be mounting the Battery Saver™ Charger on-board the vehicle. Manufactured with a built-in loop for easy installation using a Zip Tie or Plastic Tie. Uses include on-board Golf Carts, Trucks, Boats, Heavy Equipment.

Part #	Description	Specification	List	Dealer	Distributor
2120	Battery Terminal Lug Cable 5 Amp Fused	2' Length Yellow 855117000128	\$10.00	\$7.50	\$5.63
2087	Battery Terminal Lug Cable 5 Amp Fused	6' Length Yellow 855117000135	\$10.00	\$7.50	\$5.63

Battery Terminal Lug Cable is designed to mount directly onto the battery or other location where there is continuous voltage being supplied to it's connection. The Battery Saver™ can often be connected to alternative locations on the vehicle to provide battery maintenance. Cable includes a built-in fuse for protection, gold connectors so that they don't oxidize, and bright yellow wire so they can be seen easily.

Part #	Description	Specification	List	Dealer	Distributor
3751	Battery Alligator Clip-On Cable	2' Length Yellow 855117000000	\$10.00	\$7.50	\$5.63
3752	Battery Alligator Clip-On Cable	6' Length Yellow 855117000142	\$10.00	\$7.50	\$5.63

Battery Terminal Alligator Clip-On Cable is designed to be used on any battery post. Cable includes large alligator clip-ons, gold connectors so that they don't oxidize, and bright yellow wire so they can be seen easily.

Part #	Description	Specification	List	Dealer	Distributor
1310	Cigarette Lighter Cable	6' Length Yellow 855117000166	\$10.00	\$7.50	\$5.63

Cigarette Lighter Cable includes a universal power port (cigarette lighter) connector that can be used on any vehicle so long as the power is always provided to that connection... even when the key is turned off. This cable also features gold connectors so that they don't oxidize, and bright yellow wire so they can be seen easily.

Part #	Description	Specification	List	Dealer	Distributor
2307	Extension Cable	10' Length Yellow 855117000197	\$15.00	\$11.25	\$8.44
2050	Extension Cable	20' Length Yellow 855117000203	\$25.00	\$18.75	\$14.06

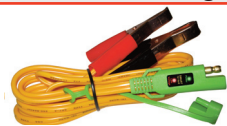

Extension Cables can extend the length of the Low Voltage Line by up to 20'. This cable also features gold connectors so that they don't oxidize, and bright yellow wire so they can be seen easily. This allows the charger to be mounted to the wall using it's included bracket and then running the Low Voltage Cable to the vehicle. Eliminates the need to use standard High Voltage Extension Cables.

Part #	Description	Specification	List	Dealer	Distributor
3511	Battery to Battery Cable	1.5' Length Red/Black 855117000000	\$15.00	\$11.25	\$8.44

Battery to Battery connection cable allows you to connect two fully charged batteries together. Used in conjunction with either our 25 Watt or 50 Watt units to keep two batteries connected to one maintainer. They can be daisy changed for up to a 6 battery installation.

## SMART Voltage Monitoring Cables 12v

Part #	Description	Specification	List	Dealer	Distributor
3752S	SMART Alligator Clip-On Cable	6' Length Yellow 855117000418	\$15.00	\$11.25	\$8.44

This unique battery connection cable has a built-in LED low voltage indicator which will turn RED when the vehicle's voltage reached below 12.2 volts. Let's you know when the battery needs to be recharged.

Part #	Description	Specification	List	Dealer	Distributor
2120S	SMART Battery Terminal Lug Cable 5 Amp Fuse	2' Length Yellow 855117000243	\$15.00	\$11.25	\$8.44

This unique battery connection cable has a built-in LED low voltage indicator which will turn RED when the vehicle's voltage reached below 12.2 volts. Let's you know when the battery needs to be recharged.

Part #	Description	Specification	List	Dealer	Distributor
1310S	SMART Cigarette Lighter Cable	6' Length Yellow 855117000388	\$15.00	\$11.25	\$8.44

This unique battery connection cable has a built-in LED low voltage indicator which will turn RED when the vehicle's voltage reached below 12.2 volts. Let's you know when the battery needs to be recharged.

## Battery Tester Digital CCA - AH - Voltmeter 12v

Part #	Description	Specification	List	Dealer	Distributor
4342	CCA - AH Battery Tester - UPC: 855117000760	AH, CCA, Volts, Imp., Batt Qual... .9 lbs	\$79.95	\$59.62	\$44.71

**Blister Pak Dimensions:** 1.5"D x 7"W x 11"H 12v Battery Tester

Digital CCA (Cold Cranking Amps), AH (Amp Hour), Voltage, Internal Resistance, and Percentage of Life Left in Battery. Offers same features as testers costing hundreds of dollars more. Tests automotive batteries from 5AH to 150AH, including, SLA, GEL, AGM, Deep Cycle, Spiral Cell, Dry Cell. Unlike Carbon Pile Testers this Digital Tester can test the battery while it's still in the car or while it's on a work bench.
