

Pulse Battery Maintainer, Tester, Conditioner, Cleaner 10 Watt 6/12v

Part #	Description	Specification	Price
1000L	Maintainer Tester Cond UPC: 855117000005	10 Watt 6/12 Volt...1.4 lbs	\$59.95

Includes: AC Wall Mount, 14' Battery Terminal, 14' Clip-On **Blister Pak Dim:** 3"D x 7"W x 10"T

The Maintainer Conditioner is a Micro Processor controlled Maintainer with Pulsing Technology that reconditions and rejuvenates a battery. The longer this device is connected... the better the battery. This LCD model tests the battery, charging circuits, and any electrical device without having to remove the battery. It eliminates all the guess work as to how good the battery is and if the battery is getting charged correctly.

10 watts powerful enough for **1 battery**. Any type, smaller size, including AGM, SLA. Deep Cycle, Marine, Gel

Pulse Battery Maintainer, Charger, Tester, Conditioner, Cleaner 25 Watt 6/12v

Part #	Description	Specification	Price
3015L	Charger Maintainer Cond UPC: 855117000043	25 Watt 6/12 Volt...1.8 lbs	\$119.95

Includes: 6' AC Power, 2120 2' Battery Terminal, 3752 6' Clip-On **Blister Pak Dim:** 3"D x 8"W x 13"T

The Charger Maintainer Rejuvenator is both a High Performance Charger, and a Micro Processor controlled Maintainer with Pulsing Technology that reconditions and rejuvenates a battery. The longer this device is connected to a battery... the better the battery becomes.

25 watts powerful enough for **1 to 2 batteries** in a vehicle. Any type, any size, including AGM, SLA. D-Cycle, Marine, Gel

Pulse Battery Maintainer, Charger, Tester, Conditioner, Cleaner 50 Watt 6/12v - 24v -36v - 48v

Part #	Description	Specification	Price
2365L	Charger Main Condit LCD UPC: 855117000227	50 Watt 6/12 Volt... 2.1 lbs	\$169.95
2365L-24	Charger Main Condit LCD UPC: 855117000234	50 Watt 24 Volt... 2.1 lbs	\$169.95
2365L-36	Charger Main Condit LCD UPC: 855117000241	50 Watt 36 Volt... 2.1 lbs	\$169.95
2365L-48	Charger Main Condit LCD UPC: 855117000258	50 Watt 48 Volt... 2.1 lbs	\$169.95

Includes: 6' AC Power, 2120 2' Battery Terminal, 3752 6' Clip-On **Blister Pak Dim:** 3"D x 8"W x 13"T

The Charger Maintainer Rejuvenator is both a High Performance Charger, and a Micro Processor controlled Maintainer with Pulsing Technology that reconditions and rejuvenates a battery. The longer this device is connected to a battery... the better the battery becomes. Using SMART technology this is the best device available to charge, maintain and restore a battery to it's optimum performance level.

50 watts powerful enough for **1 to 6 batteries** in a vehicle. Any type, any size, including AGM, SLA. D-Cycle, Marine, Gel

4 Pak Battery Charging - Maintaining - Cleaning - Testing - Monitoring Systems 6/12v

Part #	Description	Specification	Price
6000L	4 Pak Charger Maint Cond UPC: 855117000371	4 x 1000L 10 Watt 6-12 Volt	\$239.95

Includes: 4x 2307 10' Extension Cables, 2x 2120 2' Battery Terminal Cable, 2x 3751 2' Clip - On Cable, 4x AC Wall Mount, **Weight:** 6 lbs **Box Dim:** 10"D x 12"W x 4"T

(4) 10 Watt Pulse Chargers... **1 BATTERY MAX EACH** Motorcycles, ATV's, Cars, Generators, Smaller Applications

Part #	Description	Specification	Price
8249L	4 Pak Charger Maint Tester UPC: 855117000389	4 x 3015L 25 Watt 6-12 Volt	\$479.95

Includes: 4x 2050 20' Extension Cables, 2x 2120 2' Battery Terminal Cable, 2x 3751 2' Clip - On Cable, 4x 6'AC In Power Cable, 4x Removable Brackets **Weight:** 8 lbs **Box Dim:** 10"D x 12"W x 4"T

(4) 25 Watt Pulse Chargers with Tester... **2 BATTERY MAX EACH** New Cars with a parasitic draw, Diesel Trucks, Larger Applications.

Part #	Description	Specification	Price
8250L	4 Pak Charger Maint Tester UPC: 855117000395	4 x 2365L 50 Watt 6-12 Volt	\$679.95

Includes: 4x 2050 20' Extension Cables, 2x 2087 6' Battery Terminal Cable, 2x 3752 6' Clip - On Cable, 4x 6'AC In Power Cable, 4x Removable Brackets **Weight:** 9 lbs **Box Dim:** 10"D x 12"W x 5"T

(4) 50 Watt Pulse Chargers with Tester... **6 BATTERY MAX EACH** Motorhomes, Boats, Industrial Equipment, Large Applications.

Gold Cables and Accessories

Part #	Description	Specification	Price
2580	AC In Power Cable	6' Length Yellow 855117000081	\$10.00

AC Power Cable fits all of the Battery Saver™ Charger Maintainers except the model 1000L that has an integrated power cord. The yellow color makes it easy to see the cable, avoiding accidental tripping over the cord in a garage.

Part #	Description	Specification	Price
9250	AC In Power Cable Extension	3' Length Yellow 855117000104	\$10.00
9260	AC In Power Cable Extension	10' Length Yellow 855117000111	\$15.00

AC Power Extension Cable is designed for those who will be mounting the Battery Saver™ Charger on-board the vehicle. Manufactured with a built-in loop for easy installation using a Zip Tie or Plastic Tie. Uses include on-board Golf Carts, Trucks, Boats, Heavy Equipment.

Part #	Description	Specification	Price
2120	Battery Terminal Lug Cable 5 Amp Fused	2' Length Yellow 855117000128	\$10.00
2087	Battery Terminal Lug Cable 5 Amp Fused	6' Length Yellow 855117000135	\$15.00

Battery Terminal Lug Cable is designed to mount directly onto the battery or other location where there is continuous voltage being supplied to it's connection. The Battery Saver™ can often be connected to alternative locations on the vehicle to provide battery maintenance. Cable includes a built-in fuse for protection, gold connectors so that they don't oxidize, and bright yellow wire so they can be seen easily.

Part #	Description	Specification	Price
3752	Battery Alligator Clip-On Cable	6' Length Yellow 855117000142	\$10.00
3515	Battery Alligator Clip-On Cable	20' Length Yellow 855117000159	\$20.00

Battery Terminal Alligator Clip-On Cable is designed to be used on any battery post. Cable includes large alligator clip-ons, gold connectors so that they don't oxidize, and bright yellow wire so they can be seen easily.

Part #	Description	Specification	Price
1310	Cigarette Lighter Cable	6' Length Yellow 855117000166	\$10.00
1919	Cigarette Lighter Cable	20' Length Yellow 855117000173	\$20.00

Cigarette Lighter Cable includes a universal power port (cigarette lighter) connector that can be used on any vehicle so long as the power is always provided to that connection... even when the key is turned off. This cable also features gold connectors so that they don't oxidize, and bright yellow wire so they can be seen easily.

Part #	Description	Specification	Price
2307	Extension Cable	10' Length Yellow 855117000197	\$15.00
2050	Extension Cable	20' Length Yellow 855117000203	\$25.00

Extension Cables can extend the length of the Low Voltage Line by up to 20'. This cable also features gold connectors so that they don't oxidize, and bright yellow wire so they can be seen easily. This allows the charger to be mounted to the wall using it's included bracket and then running the Low Voltage Cable to the vehicle. Eliminates the need to use standard High Voltage Extension Cables.

Part #	Description	Specification	Price
1802	Weatherproof Plastic Case	Fits 2365L 855117000296	\$30.00

Weatherproof cases are designed to add versatility and outdoor use. Designed to work with any of our 2365xxx models.

Battery Tester Digital CCA - AH - Voltmeter 12v -- Jump Cable Battery Tester 12v

Part #	Description	Specification	Price
4342	CCA - AH Battery Tester - UPC: 855117000760	AH, CCA, Volts, Imp., Batt Qual... .9 lbs	\$79.95

Blister Pak Dimensions: 1.5"D x 7"W x 11"T 12v Battery Tester

Digital CCA (Cold Cranking Amps), AH (Amp Hour), Voltage, Internal Resistance, and Percentage of Life Left in Battery. Offers same features as testers costing hundreds of dollars more. Tests automotive batteries from 5AH to 150AH, including, SLA, GEL, AGM, Deep Cycle, Spiral Cell, Dry Cell. Unlike Carbon Pile Testers this Digital Tester can test the battery while it's still in the car or while it's on a work bench.

Part #	Description	Specification	Price
5900	Jump Start Cable / Tester - UPC: 855117000845	Volts, Amps, Batt Quality... .8 lbs	\$49.95

Poly Pak Dimensions: 1.5"D x 6"W x 9"T Universal 12v Jump Start Cable w/ Battery Tester

Universal Lithium Jump Cable with all protections. Digital Tester that tests both the Jump Start Battery voltage and vehicles battery. SOH (state of health) is a Internal Battery Resistance Test that measures how sulfated the battery is and reads a percentage of life left. ie 90%, 50%, 10%. Also tests the amps it takes to jump which is indicative of a good or bad starter. Shows everything you want to know when jumping.
